At ProNet, we have you covered!

Forensic Engineering & Consulting

ProNet Group has experienced professional engineers in the areas of structural, civil, geotechnical, mechanical, electrical, as well as fire origin & cause, cyber and auto forensic investigators. ProNet is available to assist you in determining the cause and extent of damage and failure analysis. From a simple roof evaluation to a failure analysis of a multi-million-dollar industrial loss, we are focused on providing you the answers you need for resolution to your question, "What happened?"
